

## Michaud Reacts to News of 4 Week Shutdown of Paper Machine at NewPage

Tuesday, November 25 2008

EAST MILLINOCKET, ME - Congressman Mike Michaud issued the following statement today reacting to news that NewPage Corporation will shutdown a paper machine, affecting approximately 250 workers. "I am deeply concerned about the decision of NewPage, and I

am concerned about the impact that this will have on the workers, their families, and the entire community. Though the announced shutdown is being described as temporary, it couldn't have come at a more difficult or unfortunate time. Our economy faces serious challenges. The affected workers are dedicated, talented and hard-working Mainers who give it their all. Mainers have rallied for each other during difficult times in the past and will do so now.

In the days and weeks ahead, my office will provide whatever assistance we can to help these workers get through this tough time and get back to work."
