WASHINGTON, DC – Today, Congressman Mike Michaud was unanimously selected by his colleagues to continue his service as the Chairman of the House Veterans Affairs Subcommittee on Health. Michaud has served on the House Veterans Affairs Committee since being elected to Congress.

“I am honored to continue to serve our nation's veterans,” said Michaud. “I will continue to fight for Maine's veterans in this new Congress and look forward to working with President Obama to live up to our county's shared commitment to their sacrifice. The Health Subcommittee will have an aggressive oversight agenda in this new Congress. Whether it's making sure that female veterans get the care they need, that post-traumatic stress disorders and traumatic brain injuries are adequately diagnosed and treated, or that veterans in rural areas receive the care they need, this subcommittee will be a strong advocate for all veterans.”

The Subcommittee on Health has legislative, oversight and investigative jurisdiction over veterans' hospitals, medical care, and treatment of veterans.
